

NOT JUST ANOTHER HELPEK OPPORTUNITY

Tired of sitting behind a desk all day?
Want to break the monotony that your job has become?
Is working 8-5 something you have to do rather than want to do?
Would you enjoy being able to be out and about meeting different people every day?
Would you like to put your life skills to work without fear of being told you are too old?

We may have the opportunity you have been waiting for!

all over IT is a mobile tech services company operating across the greater Wellington region and we are looking for another team member to be based on the Kapiti Coast.

This role is not just about fixing computers, so we are looking for more than just a geek who loves tinkering. To be successful in our business you have to become an expert in determining and managing customer expectations, and they can vary a lot! We are passionate about being the best and are looking for likeminded people to join us. We function as a cooperative team and expect everyone to contribute and be respected as an important part of the organisation.

If you can answer YES to the following list then you could be just the sort of person we are looking for to join us as we continue to empower people with modern technology.

- Are you outgoing and able to communicate well with people of all ages?
- Do you have a passion for technology and how it should help make our lives easier?
- Have you had ten years or more IT engineering experience?
- Will you get pleasure out of successfully fulfilling our customers' technology goals?
- Do you enjoy being out and about with the responsibility to manage your own schedule?
- Can you deal with problem solving in a constructive & timely manner?
- Do you take pride in your presentation and equipment?
- Are patience, friendliness and empathy virtues that you are recognised for?
- Do you have a full NZ driving licence with a clean record?

Our company systems minimise reporting and administrative functions and maximise efficiency. We are always looking for ways to improve and to show others how they can also. A company vehicle, phone and toolkit are provided as part of the role and an incentivised remuneration package is available. Will also consider an independent contractor as an option.

For further information, please send your CV to joinus@alloverit.nz with a covering letter explaining why you would like to be part of our team. We look forward to hearing from you.
